

MBC TELEHEALTH LACTATION SERVICES

Available to MA families during COVID-19

The following breastfeeding consultation services are available from breastfeeding experts in MA through Telehealth services. Some services can be reimbursed by insurance. Families are encouraged to check with their individual insurance providers regarding coverage of lactation help. This is not an exclusive list and additional breastfeeding help, free and paid, can be found at ZipMilk.org (entries on ZipMilk may or may not have been updated to reflect services during COVID-19).
